

COMPACT PUMP SYSTEM

VARIABLE SPEED, END-SUCTION CENTRIFUGAL

- Engineered for long-term reliability
- Innovative, easy to use touchscreen
- Unlimited, personalized technical support
- Remote control and monitoring available

4" Full Color Touch Screen Operation

Pump Information

APPLICATIONS

Booster/Flooded Suction

SITE APPLICATIONS

Parks
Schools
Housing Developments
Sports Fields
Residential
Commercial

Pump Performance & Power Options

BOOST PRESSURE

15-85 PSI

HORSEPOWER

1, 2, 3 & 5 HP

FLOW

20 – 95 GPM

ELECTRICAL

INPUT OPTIONS

120 Volt / 1 Phase (1HP only)
208 Volt / 3 Phase
240 Volt / 1 Phase
240 Volt / 3 Phase
480 Volt / 3 Phase

Pride in Craftsmanship

- Family owned & operated for more than 45 years
- All PPS products are tested & certified for exceptional quality
- Designed, engineered & manufactured in the USA

Innovative Smart Controls

- User friendly color touch screen operation
- Monitor system performance and operation history from anywhere with cellular subscription

Fast Turn-Around/Easy to Install

- Quick ship ready
- Completely assembled, pre-wired, tested and ready to install
- Forklift-ready for lifting—just place it, connect it and pump

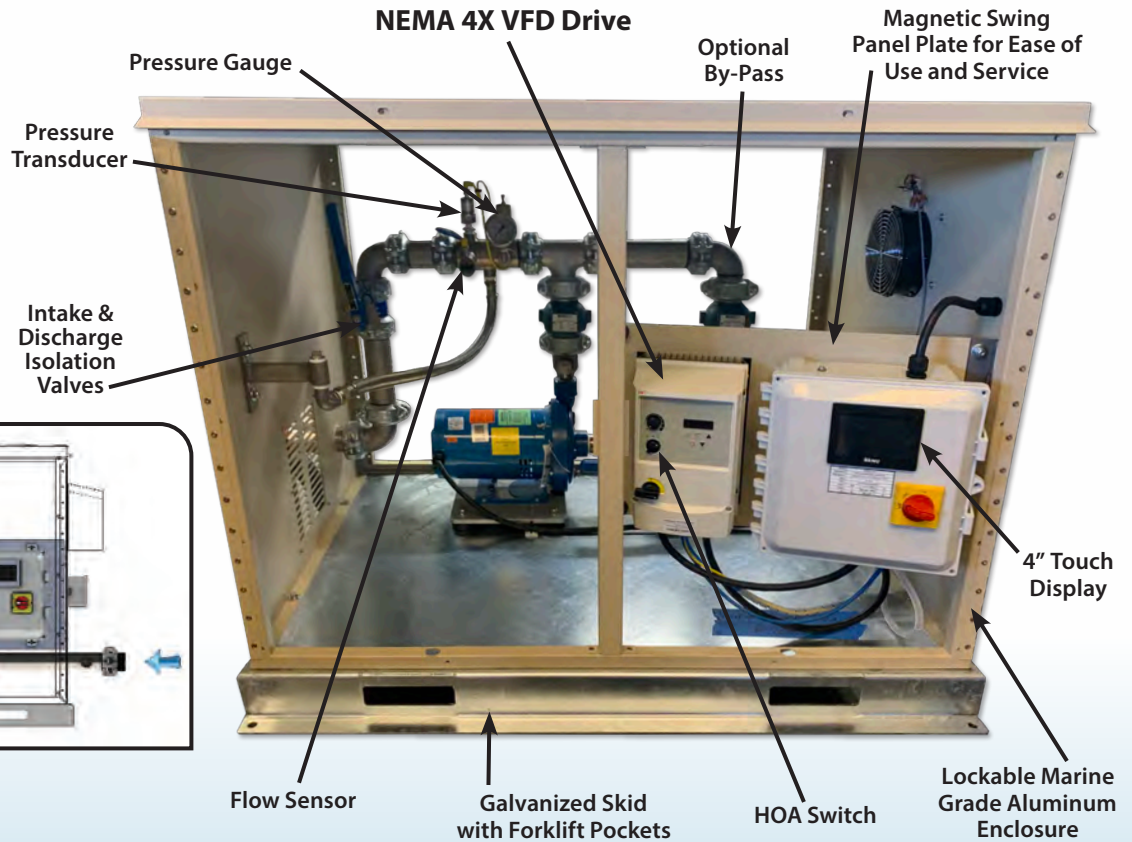

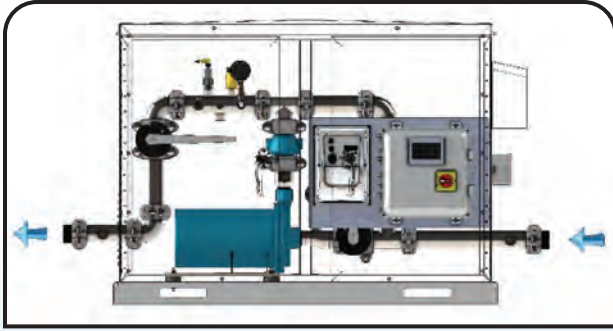

Designed to Preserve & Protect

- Fully enclosed and protected internal electronics
- Durable marine grade aluminum enclosure construction
- 2" stainless steel piping

ATLAS MINI SERIES

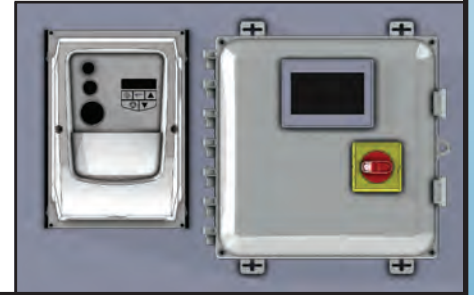

ATLAS mini Features

- Lockable enclosure
- Factory wired disconnect
- 4" full-color touchscreen interface
- Unmatched system performance & quality
- Remote start
- Remote monitoring - Clarity compatible cellular modem
- UL QCZJ Listed
- 3-year warranty
- Simple maintenance

Featuring an ABB NEMA 4X VFD Drive

The combination control panel utilizes a swing panel with an NEMA 4X, ABB VFD & electrical enclosure. The NEMA 4X panel is mounted on a magnetic and compact hinged swing panel that provides protection against rust corrosion, dust, and rain.

- Utilize ABB, ACS255 VFD microdrive
- **NEMA 4X** control box
- Easier service capabilities
- Robust controls in a compact cackage
- Magnetic hinged plate for ease of use
- Provides more service accessible space
- Fulfills price-point and application needs

INDUSTRY LEADING WARRANTY:

PPS warrants that its products and systems will be free from defects in material and workmanship for a period of three (3) years from the date of placing the equipment in operation or forty (40) months from the date of completion of manufacture of the equipment, whichever shall occur first.
